

Laptop Policy, Procedures and Information

Central Lyon Community School

2012-2013 School Year

Central Lyon Community School District Laptop Program

The focus of the 1:1 Laptop Program at Central Lyon Community School District is to prepare students for their future, a world of digital technology and information. As we enter the twenty-first century, excellence in education requires that technology is seamlessly integrated throughout the educational program. Increasing access to technology is essential for that future, and the learning tool of these twenty-first century students is the laptop computer. The individual use of laptops is a way to empower students to learn at their full potential and to prepare them for the real world of higher education and the workplace. Laptops encourage students to solve problems and think critically by stimulating analytical thinking. Learning results from the continuous dynamic interaction among students, educators, parents and the extended community. Technology immersion does not diminish the vital role of the teacher. To the contrary, it transforms the teacher from a director of learning to a facilitator of learning. Learning with Laptops integrates technology into the curriculum anytime, anyplace.

The policies, procedures and information within this document apply to all laptops used at Central Lyon Community School District, including any other device considered by the District to come under this policy.

Teachers may set additional requirements for computer use in their classroom.

1. Receiving Your Laptop

Laptops will be distributed each fall during “*Laptop Orientation.*” **Parents & students must sign and return the CENTRAL LYON CSD LAPTOP AGREEMENT before the laptop can be issued to their child.** Please review the Laptop Agreement included in this handbook.

Laptops will be collected at the end of each school year for maintenance, cleaning and software installations. Efforts will be made for students to retain their original laptop each year while enrolled at CL.

2. Taking Care of Your Laptop

Students are responsible for the general care of the laptop they have been issued by the school. Laptops that are broken or fail to work properly must be taken to the Technology Office located in the Technology Center.

2.1 General Precautions

1. No food or drink is allowed next to your laptop while it is in use.
2. Students should never carry their laptops while the screen is open.
3. Laptops should be logged out and placed in protective sleeve when moved between classes.
4. Laptops must remain free of any writing, drawing, stickers, or labels that are not the property of the Central Lyon Community School District.
5. Laptops must never be left in a car or any unsupervised area.
6. Students are responsible for keeping their laptop’s battery charged for school each day.

2.2 Carrying Laptops

The protective cases provided with laptops have sufficient padding to protect the laptop from normal treatment and provide a suitable means for carrying the computer within the school.

The guidelines below should be followed:

1. Laptops should always be within the protective case when carried.
2. Some carrying cases can hold other objects (such as folders and workbooks), but these must be kept to a minimum to avoid placing too much pressure and weight on the laptop screen.
3. The laptop must be turned off before placing it in the carrying case, for extended periods of time.

2.3 Screen Care

The laptop screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.

1. Do not lean on the top of the laptop when it is closed.
2. Do not place anything near the laptop that could put pressure on the screen.
3. Do not place anything in the carrying case that will press against the cover.
4. Do not poke the screen.
5. Do not place anything on the keyboard before closing the lid (e.g. pens, pencils, or disks).
6. Clean the screen with a soft, dry cloth or anti-static cloth.

3. Using Your Laptop at School

Laptops are intended for use at school each day. In addition to teacher expectations for laptop use, school messages, announcements, calendars and schedules will be accessed using the laptop computer. Students must be responsible to bring their laptop to all classes, unless specifically advised not to do so by their teacher.

3.1 Laptops Left at Home

If students leave their laptop at home, they must immediately phone parents to bring them to school.

3.2 Laptop Undergoing Repair

Loaner laptops may be issued to students when they leave their laptops for repair at the Technology Office.

3.3 Screensavers

1. Inappropriate media may not be used as a screensaver.
2. Presence of guns, weapons, pornographic materials, inappropriate language, alcohol, drug, gang-related symbols or pictures will result in disciplinary actions.
3. Passwords on screensavers are not to be used.
4. Hard drive passwords are forbidden. If used, students may be responsible for the cost of replacement hardware.

3.4 Printing

Students may use printers/copiers in classrooms, the library, and computer lab with teachers' permission during class or breaks. Students who want to print on a home printer must add their printer software to the laptop computer on their own.

4. Managing Your Files and Saving Your Work

4.1 Saving to your "G" Drive

The laptops will be set up with **access to a folder on the server (G drive)** in which students should save their work. Only files stored in **G drives** will be automatically backed up and saved. Student work saved to a different location on the computer will not be saved to the high school server.

4.2 Saving While Off Campus

When students are not on CL property, they need to save files on their local machine. They should save in their **“Documents” folder**. Once they get back onto CL property, they need to move those files to their G drives. Files located in the “Documents” folder on the local machines will not be saved once a laptop is turned into the CL Technology Department for service or at the end of the school year.

5. Software on Your Laptop

5.1 Originally Installed Software

The software originally installed by CL must remain on the laptop in usable condition and be easily accessible at all times.

5.2 Virus Protection

The laptop has anti-virus protection software. This software will scan the hard drive and other connected drives for known viruses on boot up. The virus software will be upgraded from the network.

The school’s storage server and e-mail server are also installed with virus protection software and hardware.

5.3 Additional Software

It is the responsibility of individual students to be aware of additional software programs and files loaded onto their laptop. Students are responsible for maintaining the integrity of software required for facilitating academic activities.

1. Any additional software must be appropriate for the school environment and may not infringe on the productivity of the classroom setting.
2. Students are responsible for ensuring that only software that is licensed to their laptop is loaded onto their computers.
3. Violent games and computer images containing obscene or pornographic material are banned.

5.4 Inspection

Students may be selected at random to provide their laptop for inspection.

5.5 Procedure for re-loading software

If technical difficulties occur or illegal software is discovered, the hard drive will be re-formatted. Authorized software will be installed and the data files reinstated on the hard drive. The school does not accept responsibility for the loss of any software deleted due to a re-format and re-image.

5.6 Software upgrades

Upgrade versions of licensed software are available from time to time. Students will be instructed to bring their laptops to the Technology Office in the Technology Center to upgrade their software from the school's network periodically.
