▶ Introduction

- What ideas and traditions influenced government in the English Colonies?
 - English customs and ideas about government, including:
 - The idea of ordered government
 - The principle of limited government
 - The principle of representative government
 - English historical documents, including:
 - The Magna Carta
 - The Petition of Right
 - The English Bill of Rights

▶ Concepts of Government

AMERICAN GOVERNMENT

- The English colonists brought with them political ideas that had developed over centuries in England.
 - Some ideas, such as the rule of law, had roots in early Asian and African civilizations.
 - Other influences came from the ancient Romans, who occupied England.
 - Many key political ideas were written into landmark English documents.

▶ Key Political Concepts

- **Ordered government**
 - Local governments should be divided into units and ruled by officers according to law.
- **Limited government**
 - Individual citizens have basic rights
 - There are limits on government power
- **Representative government**
 - Government should serve the will of the people. In other words, people should have a say in what the government does or does not do.

▶ The Magna Carta

- Signed by King John in 1215
- Created by English barons to put limits on the once absolute power of the King.
 - Guaranteed certain fundamental rights for the privileged, such as trial by jury and due process of law. Over time, these rights were extended to all English people.

▶ The Petition of Right

- The Petition of Right was signed by King Charles I in 1628.
 - Banned the king from imprisoning or punishing people without first following the laws of the land.
 - Kept the king from declaring military rule in times of peace or making people house soldiers.
 - Required the consent of Parliament for taxation.

▶ The English Bill of Rights

- Checkpoint: What were the limitations set by the English Bill of Rights?
 - The English Bill of Rights was drawn up by Parliament in 1689 to prevent the abuse of power by all future monarchs.
 - Required the consent of Parliament for taxation and suspension of laws.
 - Promised the right to a fair trial, and to petition the monarchy to correct injustices.

▶ American Rights

- This chart compares the rights guaranteed by the **Magna Carta** and the **English Bill of Rights** with the freedoms listed in the **Virginia Bill of Rights** and the Bill of Rights in the **U.S. Constitution**.

Foundations of American Rights

The rights established in these landmark documents were revolutionary in their day. Over the years, these rights have influenced systems of government in many countries. *How might the right to petition, first granted in the English Bill of Rights, prevent abuse of power by a monarch?*

The English Bill of Rights is presented to William and Mary.

▶ The Thirteen Colonies

- The colonies were established over a span of 125 years.
 - Virginia was the first colony, founded in 1607.
 - Georgia was the last, formed in 1733.
- The similarities among the colonies ultimately outweighed their differences.
- Each colony was established on the basis of a charter granted by the king.
 - These charters granted some governing authority to the colonies and kept some for the king.

▶ Three Types of Colonies

- Royal colonies were directly controlled by the king.
- Proprietary colonies were run by a proprietor chosen by the king.
- Charter colonies were run mainly by elected legislatures and were the most independent.
 - How many royal colonies were left at this time? How were royal colonies and charter colonies different?

The Thirteen Colonies, 1775

▶ Royal Colonies

- The governor was appointed by the king.
- The upper house of the colonial legislature was also appointed by the king and served as the colony's highest court.
- The lower house was elected by colonists who owned enough property to vote.
- The governor had to approve all laws.

▶ Proprietary Colonies

- The proprietor appointed the governor.
- These colonies were run much like royal colonies.
- Of the proprietary colonies, Pennsylvania had an unusually democratic government with a unicameral legislature.

▶ Charter Colonies

- Checkpoint: What is the difference between a proprietary colony and a charter colony?
 - Governors in charter colony were elected by property-owning colonists and lacked veto power.
 - The elected bicameral legislature could pass laws without the approval of the king.
 - Judges were appointed by the legislature.
 - Virginia and Massachusetts each had their charters revoked, becoming royal colonies.
 - Charter colonies enjoyed the most freedoms.

▶ Review

- Now that you have learned what ideas and traditions influenced government in the English Colonies, go back and answer the Chapter Essential Question.
 - How does the Constitution reflect the times in which it was written?
