Dear Central Lyon Families,

Central Lyon is preparing to administer its annual student engagement survey. In previous years, we have administered the Conditions for Learning Survey as provided by the Iowa Department of Education. This year, we are partnering with HumanEx to help us gather student feedback on their engagement in the classroom, strength of relationships with their teachers and our school staff, and their impressions of their safety while at school.

It is our plan to utilize student feedback, combined with survey data from teachers, school staff, and you – families and community partners – to help us improve the learning environment for students. In December, HumanEx consultants will work with the school board, school leaders, and school staff to review student, staff, and family survey data and identify areas of excellence that we need to be sure we maintain while simultaneously targeting specific areas for improvement.

The surveys administered to students, families and staff will be entirely confidential and are voluntary. We hope your student and your family will take the survey, answer honestly, and help us to make Central Lyon an even better place for students to develop their talents and find their pathway to future excellence. To preview the questions students will be asked [use this link](#).

If you have any questions about the survey or would like to preview the questions in-person, please contact me via email ([bjorth@centrallyon.org](mailto:bjorth@centrallyon.org)) or stop in the office and ask to view a copy of the survey. If you would prefer your student(s) not take the survey, please complete this form and return it to the office. It is our plan to administer the survey to students, families, and school staff between October 20-31.

Onward Lions!

## 2025 Student Engagement Survey Refusal Form

I have read the letter regarding the student engagement survey that will be administered to students in October 2025. I understand that my child/children's participation in the survey is voluntary. I also understand my right to review the survey electronically or at the school office until the survey administration date.

I do not want my child/children listed below to complete the student engagement survey.

Student Name (please print): \_\_\_\_\_ Grade: \_\_\_\_\_
